Shipments The smaller pieces are shipped by parcel post or express. The larger and heavier pieces are carefully packed and crated, and shipped by freight.

Express and Freight Information On Page 23 of this catalog you will find listed the shipping weights of each article. There are also shown express and freight rates for the entire United States. With this information you may readily arrive at your approximate transportation charges.

Terms of Sale Terms are cash with order, and all prices are f. o. b. Sac City, Iowa. Remittance may be made by check, postal or express money order, or cash in registered letter.

Parcel Post The lighter weight pieces come cheaper by parcel post. Please include sufficient remittance to cover parcel post charges, as C. O. D. shipments are excessive. Any amount more than cost of postage will be returned to you. Trellises over 4 feet long cannot be sent by parcel post.

Instructions in Ordering Kindly specify design, number, quantity and price of articles desired. Where shipping point is different than postoffice, please so state.

Guarantee Every article carries the *Better-Built* Guarantee and is as represented. Quality of material and workmanship are not only guaranteed, but the article in actual use as well. Our policy is a square deal for all; and all customers pleased.

IOWA MANUFACTURING COMPANY
Makers of Better-Built Products
SAC CITY, IOWA

Design and Construction All designs are architecturally correct, and are constructed for durability and convenience, as well as attractiveness. The smaller pieces are shipped completely assembled, and are ready to use. The larger pieces are shipped in units which are easily and quickly assembled with bolts and screws which are furnished making a thoroughly rigid construction.

Almost all items are furnished knocked down and unpainted at a considerably lower price, and a substantial saving on freight charges. All knocked down pieces are cut to exact size, with nails, screws bolts, etc., furnished.

Workmanship Our trade mark is symbolical of our workmanship, which is the very

Quality
and
Construction
of
**BETTER
BUILT**
Lawn and
Garden Furniture

best that experienced workmen and modern machinery can produce.

Lumber All lumber used is Clear White Pine and Douglas Fir. Free from all defects such as knots, pitch, sap, etc., and thoroughly seasoned. Douglas Fir is used in places where extra strength is desired.

Painting All pieces (except where otherwise stated) are finished snow white. White, in practically all cases, conforms best with outside surroundings. All paint used is 100 per cent pure lead and oil manufactured especially for outside use.

Special Designs We maintain a complete architectural and drafting department, and will gladly design and build any sketch which you may submit.

New Customer's Special Offer

Each piece illustrated at the left and detailed descriptions may be found in the pages of this catalog.

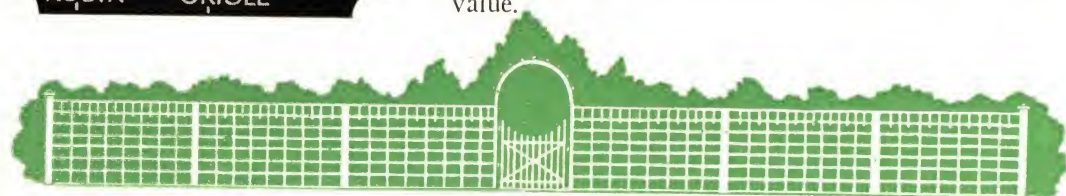

This is a real opportunity to secure some beautiful *Better-Built* pieces at worthwhile savings.

A Square Flower Box

Simply designed, well put together and adapted to any corner or nook about the exterior of the house. 13 inches square, 9 inches deep. Lined with galvanized iron.

No. 281—Each \$4.00

No. 291

A Longer Box for a Window

This box similar in style to the square container looks best beneath a window and is often used in pairs. 36 inches long, 13 inches wide and 9 inches deep. Lined with galvanized iron.

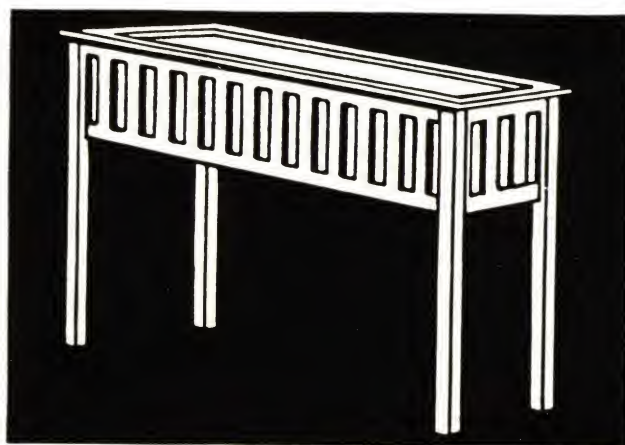

No. 291—Each \$7.50

For brackets to support flower boxes, see page 17.

Fernery of Convenient Size

Numerous ferns can be accommodated in this lined receptacle, neither clumsy or cumbersome, 36 inches long, 13 inches wide and 9 inches deep. Height over all 28 inches. Lined with galvanized iron.

No. 282—Each \$9.00

No. 282

Plain Flower Box

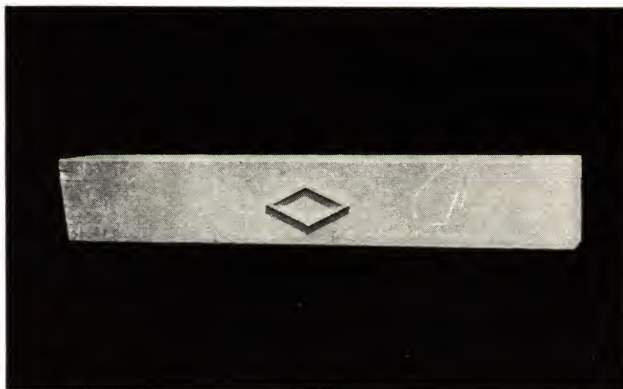

Very Reasonable

Flower Box No. **290** is a popular design. Provides a home with many plants at moderate cost.

48 inches long, 6 inches wide at bottom and 8 inches wide at top, 8 inches deep. No. **290**—

Each **\$3.00**

No. 290-A—Each **1.60**

Flower Box Brackets

These come in two sizes and although made especially as flower box supports, may be put to a variety of uses about the home.

No. **22**—10 x 12—per pair **\$0.60**

No. **22-A**—per pair **.40**

No. **26**—12 x 14—per pair **.80**

No. **26-A**—per pair **.60**

A Lawn Bench of Graceful Design

Like an occasional chair, this outdoor bench unites pleasing appearance with utility. Rain water will not stand on it, due to the five slats which run lengthwise of the seat. 4 feet long, 18 inches wide and 17 inches high. Made of 2 inch material.

No. **255**—shipped in one unit—

Each **\$15.00**

No. **255-A**—Each **8.00**

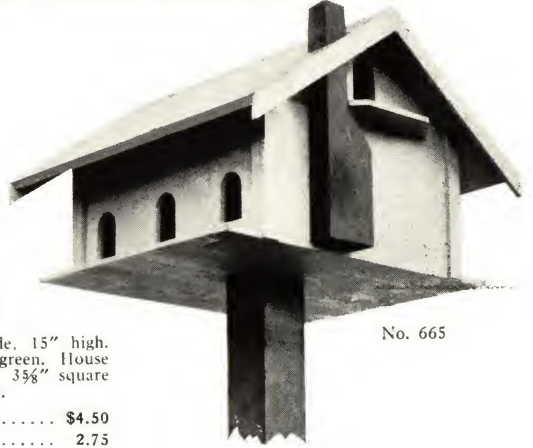

Attractive, Well-Made Bird Houses

No. 660

Apartment For Martins

An exclusive apartment for the social martins. No. 660 — 24 inches wide, 30 inches long and 3 feet high at gable, 3 stories, 28 rooms. Set Up and Painted \$14.50

No. 665-A—K. D. and Unpainted, each 2.75

No. 650

Wren House

A neat brown cottage for these songsters, with a small "door" small enough to keep out larger birds. Bottom removable for cleaning. Set Up and Painted.

No. 650—Each \$1.00
No. 650-A—K. D. and Unpainted50

No. 653

A Den For the Wren

All nature seems to be in tune when this happy little creature sends forth his gay morning songs — never tiring — continually singing as he works and plays. He is a source of much pleasure and entertainment as he goes through his daily activities. Nesting dens similar to the one illustrated here will attract the wren — an unusually good singer — to your garden.

No. 653—Set Up and stained rustic brown, each \$1.00
No. 653-A—K. D. and unstained, each50

A House for the Song Birds

There are singular peculiarities in different species of birds which must be considered in designing a house to attract them to your yard — that is one reason we say that a certain model or style is especially designed for the Wren, the Bluebird, the Martin, etc., for the number of rooms, the size of openings, the position of openings and many other details are very important and have all been worked out in this style.

No. 654—Set Up and stained rustic brown, each \$1.50
No. 654-A—K. D. and unstained, each .. .75

No. 654

No. 651

Robin Roost

This swinging shelter for Mr. Redbreast is also stained brown to harmonize with natural surroundings.

Set Up and Painted, No. **651**, each **\$1.00**

No. **651-A**—K. D. and Unpainted **.50**

The Bluebird Hut

This plain little house will attract the beautiful Bluebirds with their gay morning songs to your own yard. This little hut is a wonder and will be a source of much joy and pleasure to you, and also to Mr. and Mrs. Bluebird.

No. **652**—Set Up and Stained a rustic brown, each **\$1.00**

No. **652-A**—K. D. and Unstained **.50**

No. 652

The Chickadee Cottage

You can almost hear this little creature now as she stands perched at the entrance to her newly found home singing her many thanks to you for this precious gift.

Flying Fun in An Airplane Swing

Kiddies go wild over it because it gives them the real flying sensation. There is no disappointment because it has the thrill they expected to get.

Hang it on the porch, in the garage, play room, attic, basement, under a tree or wherever children play. Brilliant red body 4 ft. long. Natural wood wings and pilot seat. Pure manila rope. Packed flat. Set up in 10 minutes.

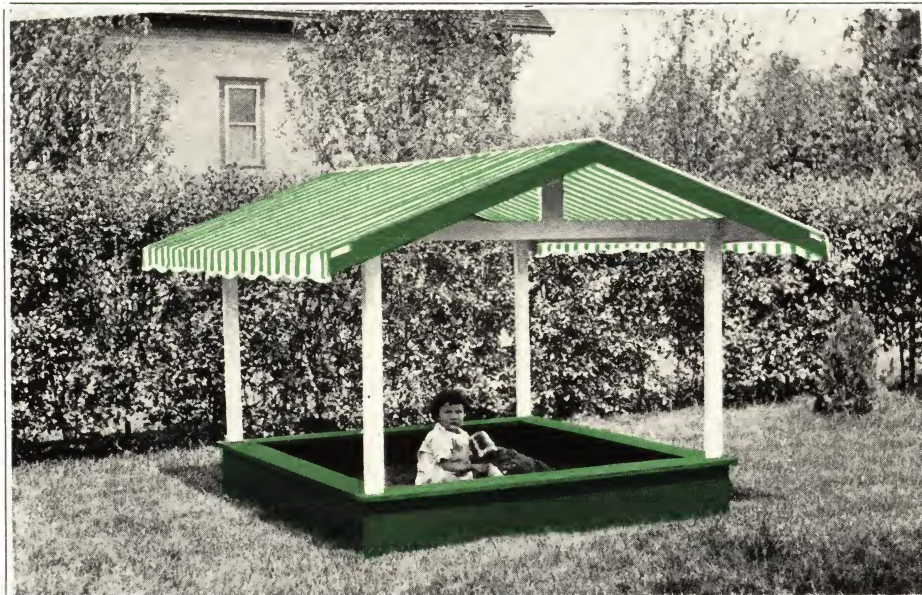

Three Places to Sit or Stand

Four Point Suspension—Can't Tip

Price each \$3.50

Canopied Sand Box

Nothing will make the children happier. Cool and attractive. Substantially built of selected lumber. Box is six feet wide and six feet long, and ten inches high with rail 6 inches wide, supported by brackets. Height at sides 4 feet. Height at gable 5 feet 6 inches. Posts are made of 2-inch material. Roof frame is of 1-inch material. Canopy is high grade, green and white stripe canvas with scalloped edge. Canopy has projection one foot larger than box, giving abundance of shade. Lower section of box comes in one unit. Posts and roof frame are shipped

knocked down, and are assembled easily with bolts and screws, making a rigid frame. Canopy is equipped with eyelets, and is fastened to frame with automobile curtain fasteners. Base and ends of rafter boards painted beautiful shade of lawn green; balance painted snow white. These colors, with the striped canopy, gives the sand box a very attractive appearance. Sand box comes to you complete with canopy, screws and bolts and may be assembled in just a few minutes.

No. 10—Each \$22.50

Child's Play House No. 3

Always makes a hit with the kiddies. Cool, sanitary and attractive. 6 feet wide, 6 feet long, 4 feet high at sides and 5 feet 6 inches high at gable. Substantially built of selected lumber. Sides and ends are made of best grade galvanized screen wire. Roof is first grade green and white striped canvas, with scalloped edges. Canopy, or roof, has one foot eave projection. Canopy is fastened with automobile

curtain fasteners. All framework is painted white with trimming of lawn green. Door is 24 in. wide and 50 in. high, complete with hinges and lock.

Comes complete with canopy, screws, bolts, etc. Shipped in four sections, and is easily and quickly assembled. Price \$28.00
